 - b. Other Federal Funding and Grant Opportunities (Cori Takkinen, Townsend Public Affairs)
5. Discussion/Feedback (all)
6. Adjournment

Agenda Item #2: Approve Goals & Objectives

- Increase collaboration across jurisdictions, agencies, and stakeholders for coastal resiliency projects along the Oceanside Littoral Cell.
- Identify green, grey, and hybrid solutions to retain sand and minimize coastal erosion. (i.e., groins, living shorelines, etc.)
- Support regional projects to mitigate the impacts of sea level rise and decrease coastal erosion through joint funding applications, agreements, and partnerships.
- Increase efficiency of taxpayer dollars and decrease the individual financial burden for jurisdictions and agencies.
- Collect, share and analyze relevant data and recommend activities to enhance coastal resiliency.
- Develop a sand replenishment maintenance plan and implementation strategy.
